CAMPUS JOINT OCCUPATIONAL HEALTH & SAFETY COMMITTEES/ CENTRAL HEALTH & SAFETY CO-ORDINATING GROUP

Employees having concerns regarding occupational health and safety at the College should forward them to their immediate supervisor. If concerns are **not** resolved at this level, they should be brought to the attention of the Occupational Safety Office (Doon Campus, ext. 3470 or 2295) or a member of the applicable Campus Joint Occupational Health & Safety Committee. These committees discuss, and recommend action on, local campus health & safety matters.

Issues affecting the entire college are referred to the Central Health & Safety Co-ordinating Group. Lists of Campus Committees and Central Group members appear below.
